

Sycomp's **Intelligent Cloud+ Solutions** empower businesses to create a more secure and efficiently run operation. Whether your business is looking to leverage the cloud to enhance functionality or to protect your vital information, Sycomp has you covered. We expertly help companies adopt the cloud to bring new products to market faster, innovate more easily, and scale their businesses more effectively.

Intelligent Cloud+

Tap into the almost limitless computing power of the public cloud, such as Amazon Web Services (AWS), Microsoft Azure, and Google Cloud Platform (GCP).

You'll get more out of your cloud spend with Intelligent Cloud+, including:

- Access to our highly experienced team of cloud engineers
- Support for complex cloud initiatives, including cloud consumption expertise and environment design
- Immediate cost savings through real-time reporting, powered by CloudHealth
- Ability to inform business models and project future trends
- Consolidated billing and full solution simplicity
- Multi-cloud view, advice, and expertise

“I've used Sycomp as an AWS value-added reseller with three different clients and have found their services and staff to be exemplary. The value-add is substantial, and we make regular use of their cloud cost and security monitoring tools.”

– Ben, Infrastructure Manager

Cloud Security Services

Backed by best-in-class enterprise security solutions and key industry partnerships, Sycomp offers a comprehensive security view of your public cloud environment.

Strengthen your cloud security maturity with our added services, which enable you to:

- Lock down identity and access management controls
- Leverage multi-factor authentication
- Gain complete visibility into your network traffic
- Procure risk assessment and remediation

Managed Cloud Services

Our Managed Cloud Services allow you to remain focused on your core business, while our highly-skilled cloud experts develop a customized plan delivered with white glove support.

It's easy to adopt cloud agility with confidence knowing:

- Contracts are tailored to meet each client's specific needs
- Results are cost efficient and client driven
- We are dedicated to cloud and security best practices

“Sycomp has been a valuable partner for years now. They have helped us manage costs, provided quarterly reviews of our services and advised when building out our infrastructure. I highly recommend Sycomp to organizations with or without internal expertise, as they will add value in any circumstance.”

– Dawn, Cloud Ops
